

STAHI

Southern Tier Association Of Home Inspectors

Dear 1890 House Board & Staff:

Here is a little something extra to show our deep appreciation of your hospitality and your fabulous mansion. Our member home inspectors from across the Southern Tier and Central NY regard your giving us the run of the place as a great show of trust and respect for them as professionals and that is very gratifying. This exceptional home had many period features that we do not often encounter and our training inspection there, that was a NYS approved professional continuing education program, was acknowledged by all to be a very valuable and interesting educational experience. We hope that the issues with the building that we reported to Lee will help with your ongoing efforts to preserve the 1890 House. It is clearly an irreplaceable community cultural and historical asset.

Your museum drew our group to Cortland, and in addition to it, we enjoyed dining together in a Downtown restaurant. I am sure that others who come to tour your asset are likely to do the same.

Please call on us to provide letters of support for any grant or funding applications. We are pleased to oblige.

Thanks Again!

Larry Ames, President

STAHI (Southern Tier Association of Home Inspectors)
