A pair of 2-hour classes! **First up**, we will be digging in-depth into crawl space design and inspection! **Next**, will be a deep-dive class on report writing and how you can up your game! You won't want to miss this event!

These mini-programs are geared towards allowing you to continue to collect NY State continuing education credits and hone your knowledge base. They are "mini", simply because we are all tired of sitting in front of Zoom meetings all day long, so we set these up in 4-hour bite-sized pieces. Plus, as soon as you sign out, your certificates will be in your hands automatically! If you haven't checked us out yet, here's your chance! If you're a regular, we welcome you back!

This program is set for **7:45 AM - 12:30 PM** on **MAY 15th**. Hope to see you there!
